

Environmental Policy

COX MANAGEMENT SERVICES LTD (the company) is committed to reducing the impact of its activities on the environment and assisting our customers by encouraging them to use sustainable resources
To this end the company has implemented an environmental management system to continuously improve its environmental performance.

In order to meet this commitment, the company will pursue the following objectives:

- To ensure compliance with all applicable environmental legislation and regulations relevant to the management of a waste transfer station
- To adopt the ethos of this policy where the companies service may impact upon the external environment
- To reduce emissions and prevent pollution
- To improve waste management practices
- To reduce consumption of natural resources
- To minimise noise and other nuisances
- To assist in the management of ecology
- To continuously assess its environmental performance against the nature and scale of aspects and impacts and targets set within the scope of this environment management system.
- To assist in the investigation of environmental incidents in which it is involved on operational sites
- To make its environmental information available to interested parties.

The necessary personnel and financial resources will be allocated to assist the company in meeting its environmental objectives and targets that will be reviewed as appropriate. In addition, the company will continue to raise the levels of environmental awareness, and any significant environmental aspects, to its employees and sub-contractors for, and on behalf of, the company and to communicate this awareness to its customers and suppliers when required or requested.

The company is committed to operating its Environmental Management System in a manner that attains and sustains registration to the international Environmental Management Standard ISO 14001:2015.
